FROM THE COLOURING PACK

An electric tram

The Manx Electric Railway opened in 1893. The MER runs along the east coast from Derby Castle in Douglas, via Laxey, to Ramsey.

Useless says: This is a free sample, so I rubbed out the price. It was already zero.

PICTURES

All drawings, puzzles and layouts are REALLYBYTE's own work. The engines, trams and buildings are stylised illustrations, not drawings of particular vehicles. No operator logos or photographs are used.

WHERE THE FACTS COME FROM

Every fact in this pack was checked against the pages below on 26 October 2026. Maths answers are worked out from those figures. For timetables, fares and access, always use the operator's current information.

NEED HELP?

Useless can't help (he's an eraser, and he has just rubbed out the timetable), but we can. Problems with your file, or spotted something we should fix? Email info@reallybyte.com.
